

Getting to Know You Activities

All About Me Profile Page 1

Pupils fill out their 'Profile' to tell you more about their favourite things, hobbies ect.

All About Me Jigsaw Page 2

Pupils fill out their jigsaw piece with self-portraits, their animal equivalent and goals for the year. For best results, print on A3.

Job Application Page 3

If you have classroom jobs, get pupils to apply for them. Telling you their skills, what job they want and why and what they bring to their new class. Great for older pupils.

New Class Bingo Page 4

A great activity to get your pupils talking to their new classmates. Find someone who meets the criteria in the box and write their name. Get 4 in a row for bingo.

Letter to Future Self Page 5

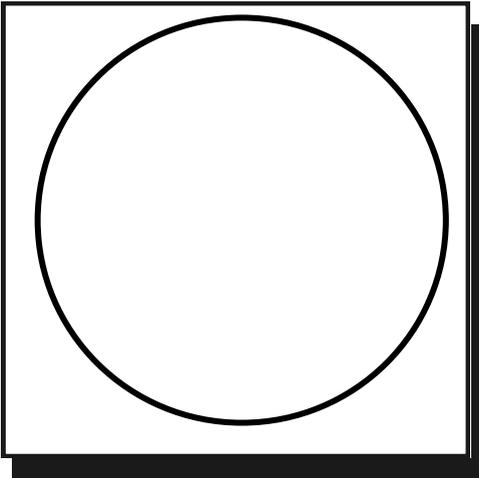

Get pupils to write a letter to themselves at the end of the year. Ask them what they want to achieve this year (personal or school-based), what they are looking forward to or set a goal they would like to achieve at the end of the year. At the end of the year, you can give them back as a leaving gift to show them how far they have come.

Crayon Labels Page 6

Whether you need tray labels, coat peg names or just want a lovely display of the children in the class, use the crayon template for a range of activities.

Tour of my Brain Page 7

With great links to Growth Mindset, talk about the different parts of the brain and ask children to fill their brain with words or images that tell you about them and the things that are important to them. They can use different-sized sections to show how important that thing is to them. Example on pg 8.

Welcome to your new class! It's time to get to know each other with a fun game of Bingo – but with a twist!

How to Play:

1. You have a Bingo grid filled with different qualities or fun facts (like “has a pet”).
2. Your mission is to talk to your classmates and find people who match the qualities in the boxes.
3. When you find someone who fits a box, write their name in that square – but remember, you can only use each person once!
4. Try to get 4 names in a row – it can be across, down, or diagonally.
5. The first person to get Bingo shouts “BINGO!” and shows the teacher.
