Dear Applicant,

I would like to welcome you to apply for the position of Executive Head Teacher at our school. I must say this is a fantastic time for any individual keen to be a part of an exciting period in the school's development and history.

I truly believe that the opportunity for self-development and personal professional enhancement at this time in the school's journey is unrivalled!

You will find the Governing Body and staff a friendly and supportive group of dedicated people who have the children at the heart of all their thinking and planning. You will also find our parents are extremely supportive. Our distinctive school ethos arises from the Christian values.

We experience the school as a joyful community with a family feel where the children and staff alike strive for improvement, don't shy away from challenges and celebrate frequently.

Our school is very much part of the strong community that exists on the Isle of Sheppey and we embrace community life. It's a privilege to take advantage of the local facilities as we are situated close to nationally recognised Nature Reserves, beautiful beaches and our unique environmental setting in North Kent.

Our school is located in the rural part of Sheppey, based on two sites that are separated by just three miles. The historic villages of Eastchurch and Leysdown (both having significance in aviation history) reflect upon the diverse resident population. Our children are encouraged to look beyond the local community and consider their place in the wider world.

We are also very keen to investigate and make strides in educational development and initiatives. For example, we are striving to find new and intuitive ways to use technology that are matched to the child's education and to develop that technology as an engaging tool rather than just a lesson.

We look forward to receiving your application and to learning what we can do together for our school community - pupils, staff, parents and governors – and its Christian life.

As a part of the appointment process visits to the school will be strongly encouraged.

Yours sincerely,

Andy Booth
Chairman of Governors
