

December 2017

From the Chair of Governors.

You will see from our latest Ofsted report that we have been rated 'good' in every category.

We are looking for a Head teacher who will lead our dedicated and motivated staff, our committed and active governing body and our delightful and energetic pupils to the next stage; we want to be 'outstanding'.

But we want more than that!

We want our next head teacher to recognise the outstanding work that is already taking place; to lead a school where students are the focal point, where each can reach their potential, where staff and students thrive in a happy, Christian community.

If you want to lead an outstanding school, in every sense, then please apply.

If you require any further information, or wish to arrange a visit, please do not hesitate to contact me or the school office.

A.Smith (B.Ed)
