About bemix

We are people with and without learning difficulties and/or autism, working and learning together. At bemix we believe you should be seen, be heard and belong. Whether it's to be seen working, be heard campaigning or belong to a friendly group of people, people achieve their goals with bemix.

We live and work in Kent. Most of our work is in Canterbury, Dover, Thanet,

Sittingbourne, Medway and Gravesend but we have amazing plans for the future to develop and grow in other geographical areas.

People with learning difficulties and/or autism do not always have the same opportunities to be fully involved in our society. We want to change that.

Why we exist (our vision)

We want to live in a world where every single person is valued as an individual. In an ideal world, people with learning difficulties and autism would be fully and equally involved in all areas of society.

What we believe (our values)

We believe that all people should be treated as equals. All people should be valued as individuals. bemix wants to make sure that they are.

We run projects which support people to learn skills, gain qualifications and become more confident and independent. We also work together with employers, businesses and services to make sure what they do is inclusive.

We support people with learning difficulties and/or autism to speak up, make choices and become powerful and influential. We support them to gain opportunities and become more independent in learning, housing, work, health, money, travel, leisure and relationships.

We support people to hear, respect and empower people with learning difficulties and/or autism. We promote positive action to challenge negative attitudes about disability and work with local communities so that people with learning difficulties and/or autism become fully included and no longer segregated.

Co-production is a core value and method for bemix. This means people working equally together to make the most of their respective experience and skills. A typical bemix project will be led by two people – one with and one without a learning difficulty. This values equally expertise gained from an individual, personal perspective and professional work experience and training.

Background to this job

The Supported Employment educational provision is going through an exciting period of growth, as we work alongside more young people with the goal that they gain sustained and meaningful employment at the end of their time with us.

We plan to deliver a brand new Preparation for Employment programme from September 2021, as a lead-in to our well-established one year Supported Internship programme. Our ultimate goal is to inspire, enable and support more young people with learning difficulties and/or autism to achieve a job and career.

A Supported Internship is a powerful model of an education and employment programme that is proven to be effective at overcoming the many barriers young people with learning disabilities and/or autism face with employment.

Although a Supported Internship is a learning programme funded by the Education and Skills Funding Agency, it should not be seen as a College course in the traditional sense. Young people need to experience the difference. This plays out in features like young people applying for time off, with different leave entitlement to school holidays. It will also mean on-the-job learning takes place alongside functional skills within a classroom setting. We have found many disadvantaged young people are alienated from school and college, and need a workplace in which to thrive.

The Preparation for Employment year is designed as a pre-internship year, to support young people to develop the confidence and skills needed for the

following Supported Internship year. This is for young people who need additional time developing their preparation for employment skills. Young people will be going into the workplace and attending the Job Club, as well as Functional Skills lessons and the Enterprise day.

All young people in our Preparation for Employment or Supported Internship programmes have an Education, Health and Care Plan (EHCP). We all work together to ensure a supportive learning environment for our young people with small class sizes, with the Enterprise day having a Lead as well as a supporter to provide individualised learning.

The Enterprise day takes part in both the Supported Internship and Preparation for Employment programmes. This is an exciting new programme that is designed to support young people to identify and develop a genuine business model and to take any profits and reinvest this. Young people will learn about how businesses operate and take these skills into the workplace, strengthening their employability with local employers, or will be able to use these skills and develop their own self employment ideas.

You will join a team that is focused, hard working and mutually supportive, where your skills, experience and contributions will be valued and help shape the future and quality of the programme. Someone who is resourceful and engaging with a good sense of humour, dedication, flexibility and resilience, will thrive in this role.

“I joined bemix two years ago as a Newly Qualified Teacher. They are a wonderful organisation to work for with a positive attitude and sound ethos towards the people they work alongside. All colleagues have been very supportive and nurturing towards me in my new role and have helped me to continue to develop in my professional skills. I feel a valued team member and have a great work life balance. I am truly thankful for the opportunity to be able to be a part of a young person's journey through their supported internment placement alongside being able to perform a job I love” - *Emma,*

Information about bemix Safer Recruitment procedures

bemix Job Pack –Enterprise Teachers Assistant – Part Time - Supported Employment - Swale, Gravesham and/or Medway - June

Every organisation that works alongside and supports children, young people and vulnerable adults is required to have policies and procedures to make sure those children and vulnerable adults are safe. bemix has robust recruitment and selection procedures in place to identify and deter people who might abuse others or are otherwise unsuitable for employment. Please take the time to read our safeguarding statement which follows:

“bemix is committed to safeguarding and promoting the welfare of young people and expects all staff and volunteers to share this commitment. We strive to ensure that consistent effective safeguarding procedures are in place to support families, children and staff in our projects and in work placements.

The Designated Safeguarding Leads (DSLs) are Helena Jennings – for young people and Steve Perry for Adults, who can be contacted directly or use the dedicated email: safeguarding@bemix.org.

bemix has policies and procedures in place which all colleagues are expected to work alongside, to deal effectively with child protection, protection of vulnerable adults and safeguarding concerns. To support the training of colleagues, bemix offers a thorough induction into our policies and procedures and mandatory Safeguarding and Prevent training for all colleagues. Training opportunities are identified to ensure that colleagues are able to meet the needs of young people and adults, this includes Safer recruitment and Child Sexual Exploitation training.

All colleagues working alongside bemix use a secure platform (Podio) to record safeguarding concerns, with the DSLs ensuring relevant colleagues only have access to the entry in line with GDPR and our Safeguarding procedures.

The Designated Safeguarding Leads oversee all active cases until closed. All bemix colleagues are responsible for and take an active role in Safeguarding, and where identified work with young people / adults,

families and external agencies until a Safeguarding concern is closed. bemix will refer safeguarding concerns to the relevant local authorities safeguarding team and work with young people, adults and families to understand the actions taken, and to maintain a supportive working relationship.

To promote a safe environment for young people and adults at bemix, our selection and recruitment policy includes all statutory checks on staff and regular volunteers including Enhanced DBS (disclosure and barring service) checks as well as seeking references from previous employers.

Attendance is monitored closely and concerns are shared as appropriate with everyone involved, from young people, adults and parents/carers, Social Care and the school Safeguarding Team.

If you have any serious concerns about someone that attends any bemix projects please do not hesitate to contact a member of the Safeguarding Team who will be able to provide you with the best advice and help using the appropriate degree of confidentiality”

Criminal Record Self Disclosure

As part of our Safer Recruitment procedure and to comply with Keeping Children Safe in Education, it is the policy of bemix that all applicants will be required to complete a Criminal Record self-disclosure form as part of the application process. This is a declaration that states that there is no reason why someone applying for a job role with bemix should be considered unsuitable to work with children or vulnerable adults. The self-disclosure form invites candidates to provide details of all unspent convictions, spent convictions and cautions that are not “protected” as defined by the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (as amended

be seen · be heard · belong

in 2013) by SI 2013 1198. Candidates are not required to disclose anything that would currently be filtered from the Police National Computer by the Disclosure and Barring Service. Guidance and criteria on the filtering of these cautions and convictions can be found on the Disclosure and Barring Service website.

The Criminal Record Self-Disclosure form is confidential and will not be seen by recruiting managers unless the applicant has been successfully short-listed for the vacant post.

Failure to declare relevant information may disqualify the candidate from the appointment and, if appointed, may render the individual liable to immediate dismissal without notice. All applicants are required to sign and date the declaration.

Completed self-disclosure forms are returned electronically and stored securely, in a confidential on-line workspace. All information provided will be treated as confidential and managed in line with relevant information/data protection legislation.

See appendix 1 for an example of the self-disclosure form.

DBS

An enhanced DBS will be applied for in the following situations:

- Whenever a new person joins (or returns to) the workforce (including if they have an in-date certificate from another organisation, exception may be made in some circumstances if that person is registered with the update service).
- Whenever a new person joins bemix as a volunteer.

- When a workforce member or volunteer's most recent certificate is 3 years old.

Overseas good conduct check

Good conduct overseas checks are required for any workforce member that is joining and working within the Supported Internship team, who has worked or lived overseas for a period of 3+ months within the past ten years. Requesting Good conduct overseas checks is a requirement of the Department of Education and forms part of the Single Central Record (SCR) pre-employment checks that we (bemix) have to carry out for new colleagues joining the workforce. The Single Central Record (SCR) is a comprehensive record of personnel information that Ofsted can ask to audit as part of standard inspections.

When people apply for a new job role with bemix, they complete the standardised bemix application form, which asks if someone has worked or lived overseas for 3+ months. If they answer yes to this question, then further details should be supplied (by them). If an offer of employment is made, then we (bemix) will need to give the candidate information about applying for 'Good Conduct Overseas Checks'. These are necessary for each Country that they lived/worked in. More information can be found here: www.gov.uk/.../criminal-records-checks-for-overseas-applicants.

The 'Good Conduct Overseas Check' applications must be made and paid for (some Countries do not charge a fee but others do) by the individual themselves (bemix are not authorised to apply for them on someone's behalf). bemix will consider reimbursing 50% of the cost of the overseas check. Some Countries allow the checks to be applied for on-line and others require the person to make an appointment with the Embassy or High Commission Office, for an in-person application.

Right to Work

In order to comply with the Asylum and Immigration Act 1996 – Prevention of Illegal Working – candidates invited to interview will be asked to bring certain documentation to the interview which shows their eligibility to work in the UK. No offer of employment can be made unless one of the original documents listed on the Home Office Right to Work Checklist is produced. The candidate's original documents must be checked, and a signed and dated copy retained in line with bemix's recruitment and retention policy. The Home Office Right to Work Checklist shows the acceptable identity documentation as currently defined by the Home Office and further information on establishing an individual's right to work can be found at:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/774286/Right_to_Work_Checklist.pdf

Referencing

It is bemix's policy to request references from current and former employers, following a successful interview. A conditional offer of employment may be made, and this will be on condition of satisfactory references and Enhanced DBS being applied for and received by bemix.

See appendix 2 for example of the reference request template bemix will send to current and past employers.
