 e of a warm
 ur school family.
 velcoming you and
 all about the school,

rich and wide range of
 and clubs.

Places at the school

We are currently offering places for September Reception intake.

We have an admirable staff:child ratio of around:

- ✓ 1:7 for our Early Years children
- ✓ 1:10 for our Infants and Lower Juniors
- ✓ 1:15 for upper juniors

Did you know... We are currently rated as one of the Top 100 schools (in the country); graded as “Good” with “Outstanding” features by OfSTED and have a truly inclusive admissions policy. We are also providing childcare facilities til 5:30pm each evening

Will you get a place?

We can't guarantee places but can help secure them. Please ask us directly as the Online “catchment” tools are very inaccurate and the best advice is always direct.

Welcome Eastling S

*“A village school
 heart of the con*

Partnership with Mums and Dads

Working with parents of new children
is a pleasure.

Children settle in quickly and happily

Direct contact and understanding of the
child's needs in their child's education
is as much about your child as we
are about you.

Children to take part in the life of the school
and information about what your child is
achieving.

Individual home-school contact book
showing the child's work and successes of the day
and with learning materials for your
child to use at home.

Partnership with Mums and Dads

Children to hear from adults who
help children develop into young
adults through sharing your interests
and with them, helping with volunteer
organising or supporting events.

Partnership could be as little as a few hours
regular slot on a weekly basis.

Why Eastling?

Eastling School is a delightful village
school in an ideal position. Many of our
children already come from our local
villages as there is a convenient bus
service each morning to the school
carpark.

The school

- is a warm and caring community where each child is personally known by all staff;
- Has a great partnership with parents through clear communications, special events and knowing each family individually;
- is well resourced (as an example, our computer-child ratio is 1 for each 4 children);
- supports all children in their best secondary placement (selective or non selective);
- combines small class sizes with excellent teaching and support structures;
- has a good balance between male and female teachers;
- brings out the talents of each, individual child whether academic or not;
- Encourages children to help in the running of our community.
- Uses the community extensively in its curriculum

Children help each other.

Please check out our web
site for further information:
www.Eastling.kent.sch.uk
or visit the school .

Happy school days

As a small village school we are
concerned for the well-being of
children with the care and attention
of a family. Although they will be with
us for a short time, your children will soon be
personally known by our staff and
children in the school. We are a
friendly team and want your child to have
a happy and contented school life. We are
interested in your child's achievements and
want to share them with you. We have a
strong partnership with you at home to
ensure sensible, and productive behaviour
from all our children.

An appropriate curriculum

All our children follow a curriculum
designed to meet their individual
needs within the school. We have
a variety of classes which are supported
by our staff. We are keen for parents to
understand how their children are
getting on, producing reports
annually along with the opportunity
for parents to meet with our staff and
helpers on an informal basis. We
also have parent sessions where we
explore how we can help your child
and how children can be helped
to achieve their potential. If you
know something you want to know -
