

Our Aims

We aim to guide our children to understand the Christian Faith and for them to leave us, having started on a spiritual journey which will enrich and deepen their adult lives.

We Aim to... *achieve this by providing:*

- A happy, healthy and safe environment.
- A community that values and respects all its members and provides equality of opportunity for all, regardless of race, gender or ability.
- A quality curriculum which aims to meet individual needs, abilities and learning styles, within the context of extended schools.

Our Aim is... *to enable every child to:*

- Grow in spiritual awareness and develop an understanding of a Christian faith in a multi-faith society.
- Realise their potential and develop a desire to continue life-long learning both independently and collaboratively.
- Be resilient and resourceful, be healthy and able to make good decisions about relationships.

We Aim to... *demonstrate our commitment to learning by:*

- Holding in the highest esteem our unique ethos, whilst embracing and sharing best practice.
- Valuing highly the strong, positive and developing links with parents, the church, our local community and those beyond.
- Continually self reviewing, consulting and evaluating our practice.

Kingsnorth
Church of England Primary School

Kingsnorth...a journey of life, first class learning and fun!

With Faith, Endeavour to Achieve

Welcome to the Kingsnorth Family

The school strives to serve the community by providing an excellent education for all pupils, of all abilities and backgrounds.

We are a Church Controlled primary school and as such, work hard to preserve and develop our religious character, liaising closely with the local church. Parents play an especially vital part in school life and there are lots of opportunities to share in the fun.

Importance of being a Church School

Kingsnorth Church of England Primary School has a strong Christian commitment. We believe through Christian teaching and example, children will benefit and be enriched.

“Kingsnorth is a lovely, friendly school that has a good relationship between it’s pupils and teachers and parents and teachers. Pupils seem happy and are very polite in school.”

PFA Committee Member

“Teaching at Kingsnorth is an experience like no other. I wake up every morning, excited to see the children in my class; wanting to hear what they have got up to at the weekend. The friendly and caring attitude of staff, and a supportive parent base, is what attracted me to teaching here.” Teacher

Starting School

Parents are very welcome to visit the school to meet the Headteacher and Staff and to see the school at work.

Meetings are also arranged for parents to find out more about how they can be involved when children start school. They will also be able to hear from the class teacher how the children’s day will be organised. The school undertakes the Early Years Foundation Stage curriculum in accordance with National and County guidelines.

Curriculum Matters

We follow the National Curriculum, and children’s progress is measured against National Curriculum levels. Assessment is made through formal testing and teacher assessment.

National testing takes place at the end of Key Stage 1 (age 7) and Key Stage 2 (age 11). At the end of Year R, children are measured against the Early Years Profile, Foundation Stage. Children’s levels are reported to parents through end of year reports.

“I am proud to be able to contribute to the family feeling at Kingsnorth.” Staff Member
