We have a huge field, woodland area, allotment, reflection area and playground, which is great!

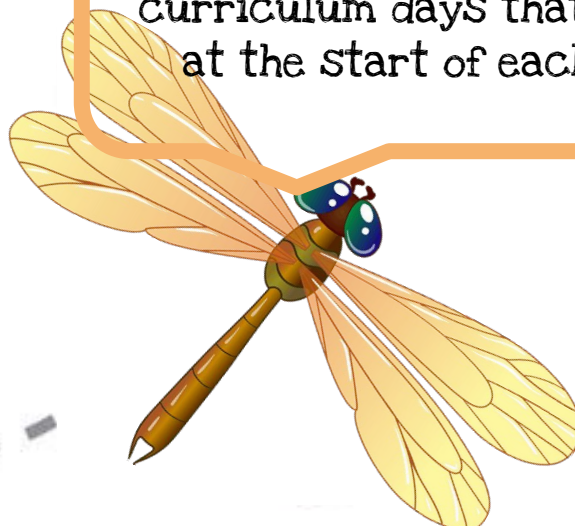

I love the clubs that we have at High Halden especially the art and craft clubs.

Everyone helps each other out and because we are a small school everyone knows each other really well.

I like all the different experiences we have from school trips to having people come into the school. Like the African drums, an author and a chef!

Our teachers are great, they make the lessons fun and you can have a laugh with them. They are always there to help.

I like the dress up days and curriculum days that we have at the start of each term.
