A warm welcome

Thank you for your interest in joining the Oasis Community Learning (OCL) family. We are looking for talented [teachers/leaders/support staff], who share in our vision and values, to join our team.

It is our vision that every young person in our academies reaches their potential, no matter what their starting point and leaves us with an aspirational, fulfilled and prosperous future ahead of them. We are at an exciting time for our organisation. In 2020 we introduced the Oasis One Plan, uniting all areas of our organisation to achieve our mission by providing clear direction for the next five years, and a new entitlement for every child. One of these entitlements is access to online learning wherever you are through the Oasis Horizons iPad scheme - helping to put an end to inequalities in learning opportunity. Together, we will provide our young people with the opportunities that they deserve to realise their potential.

Our people are our most important resource and our catalyst for change. Are you the one to help us do this?

We hope that you find everything you need in this brochure, and welcome you to get in touch with the academy you are applying for with any questions you may have.

John Murphy
CEO, Oasis Community Learning

Putting the community into Oasis Community Learning: Oasis Hubs

Developing and running Hubs is core to the global purpose of Oasis and vision for healthy communities. To this end, our staff are committed to working in an inclusive, integrated and empowering way so that all people experience wholeness and wellbeing. We want to see local communities that are characterised by trust, safety, cohesion, mutual support, vibrancy, health and opportunity, as well as increasing capacity to address their own issues. We want to see those who are excluded brought back into the community to share the experience of wholeness and wellbeing.

Each Oasis academy is part of an Oasis Hub, and has a Hub Council, that responds to the needs of the academy and community through many different forms of outreach and strategy planning.

Our curriculum: Character, competence & community

The curriculum is the heart of our academies' educational provision. Through this and our commitment to an exceptional climate for learning and great pedagogy, we make great learning the foundation of every lesson. We have therefore spent years working with our NLPs and experts within Oasis to design our Oasis Curriculum to meet the needs of all, striving for personal as well as academic and vocational excellence.

There are three golden threads that run through the Oasis Curriculum: character, competence and community.

We know that the development of character does not happen by chance but by purpose and intention: it is therefore an explicit part of our curriculum. We work hard at preparing our students to be the best version of themselves, today and in their futures.

We want each and every one of our young people to be competent in their development and learning. Our students will have the skills, knowledge and expertise to choose their life pathway.

Community is a huge part of life at Oasis, as each of our academies work closely with their local Oasis Hub to serve their community within and beyond the school. Our children are empowered to play an active part in building their community, where everyone is included, making a contribution and reaching their God-given potential, and have regular opportunity to engage with Hub activities.

Our curriculum is highly effective, and has been praised by Ofsted as 'broad and ambitious'. It is also a fantastic opportunity for those interested to contribute and shape the way our lessons are delivered nationally, whilst also helping us to manage workload and a good work-life balance.

The Oasis Entitlement

All of our students, across all age groups, enjoy the Oasis Entitlement, a guaranteed set of opportunities during their time at the academy:

- Reading strategies so that every student becomes a fluent reader
- Access to online learning
- Access to high quality mental health support

- Be part of a school production
- Be part of a school team
- Play a musical instrument

With Oasis Horizons, every student who joins the Oasis family will receive their very own iPad for the duration of their time with us. We want to give our young people equality in their opportunity for learning, therefore the iPad will be theirs to use at school and at home.

Filled with educational apps, the iPad is used in lessons for exploration of learning, class quizzes and teamwork projects. They are a fantastic teaching tool for our staff to keep on top of new resources, student understanding and preparing our students for a future working with digital technologies.

Teaching staff are supported with full training and regular CPD to make the most out of their iPad in lessons, with marking, and work-life management.

We're sure you'll have lots of questions about this, so feel free to visit our website to find out more.

Hear from our staff

“

I joined Oasis Community Learning as a career changer. I was working as a practitioner in the NHS, and wanted to take a break from that but still work for an organisation where I felt I was helping others. This was in 2015 and I am still here! The most important thing for me was working for an organisation that was welcoming, friendly and had a good culture. My work-life balance is great, and I love my team. I am also part of the social committee organising local events for our colleagues throughout the year.

Oasis has given me the flexibility to learn and develop, shaping my career in the direction that I want to take it. I started in recruitment marketing, working within the People Directorate. I then moved into the Communications team, and progressively took on more responsibility towards my role into management.

One of my favourite accomplishments has been project managing the Oasis National Student Awards. It is a bi-annual event where around 800 of our staff and students get together to celebrate our young people and their development academically and personally. There is professional entertainment, a 3-course meal and awards/medals given out. It really does remind you that you are part of something special.

“

I started working at Oasis officially in 2011, straight after completing my degree in Computer Systems Technology.

I joined as an apprentice and within 3 months was promoted to a 1st Line Technician. Working for Oasis meant that I was also able to become involved in projects like Southside FM, youth work, and the charity coffee shop.

I enjoy the flexibility of Oasis; I have a healthy work-life balance whilst being able to trail and stress test new technologies.

The difference with working here I would say is that it's quite friendly and for me it's the openness and willingness to use new technologies as and when they are released. I'm sure this is not the case in other organisations.
