Our Vision

Going beyond with our learning to make a difference

NTC strives to reach the highest standard to foster aspirational learners who understand the value of education in creating a better future, by providing high quality teaching and learning experiences for all.

NTC will:

- Inspire and engage learners who are curious, creative and aspire to achieve.
- Develop respectful and responsible people who make a positive contribution to the community and wider society.
- Nurture confident young people whose resilience enables them to live safe, happy, healthy and fulfilling lives.
- Provide a vibrant, inclusive, supportive and secure environment with open-minded young people who celebrate diversity.
- Promote opportunities that support students in deciding and fulfilling their future aspirations.
- Provide opportunities for young people to develop individual interest and talents for lifelong learning.

ETHOS

at

Northfleet Technology College

We will develop students who are:

Curious to learn, use and share knowledge through being inquisitive, thinking critically and challenging.

Creative in applying learning through being imaginative, collaborative and persistent.

Caring for themselves, others and the world around through being a principled leader and taking responsibility.

Boys are actively encouraged to be 'curious, creative and caring.' Clear routines and systems contribute significantly to pupils' good behaviour and ensure they are 'prepared, polite and productive.'

Mathematics

Mathematics inspires students to be curious, think logically and work creatively in order to notice patterns, solve problems and better understand the world and situations around them.

Our subject area gives an exciting opportunity for staff to further develop their Mathematics knowledge and teaching pedagogy within a secure and supportive team. We want you to share with our students your skills and knowledge to create a secure and focused learning environment. At NTC, we focus on developing our learners to be independent, resourceful learners' and to develop their personal skills and attributes to be valued members of the local and wider community.

We have a caring team and a wealth of resources that are available for use in lessons. We work very closely together, motivating each other to be successful and supporting one another to ensure positive emotional wellbeing. In lessons, we encourage discussions, debates and collaborative learning to enable our students to follow our ethos of Curious, Creative and Caring learners.

Teamwork is a key part of Mathematics and, therefore, you would be joining a very dedicated and efficient team to work with. We teach across all three key stages following a spiral curriculum so that each year Key concepts are re-visited, explored and extended.

At Key Stage 3, we aim to embed and develop the key concepts of number, algebra, geometry, ratio and proportion and statistics through engaging delivery.

At Key Stage 4, we re-visit and extend these key concepts to cover the breadth of the curriculum in its entirety. Students will bring their skills from KS3 to support their development towards completing the GCSE in Mathematics and moving into KS5.

At Key Stage 5, we study IB Mathematics Applications and Applications Standard Level. Students look at how the Maths is applied to real life situations, how it's interpreted and why it's important. They complete an internal assessment worth 20% of their grade and then sit two exam papers. We are always keen to support people in their professional development in this area.

We are always extremely supportive of both our staff and our students. We are passionate about the subject we teach and *go beyond* to ensure students are successful. We run afterschool clubs, intervention sessions and even Saturday Maths in the lead up to the Year 11 and 13 exams. We have up to 70 Year 11 students every year on a Saturday! This is not compulsory for staff or students but is an example of how the team pull together and the faith the students have in our team.

This is an excellent opportunity for an individual who is as passionate about Mathematics as we are, to join a supportive, friendly and committed team, who are dedicated to achieving the highest possible standards in both ourselves and our students.

THE INTERVIEW PROCESS

THE JOB ADVERT

Mathematics Teacher

Required for September 2023. Salary M1-UPS3 dependent on experience: £28,000 - £43,685 (This role would be well suited to an Early Career Teacher).

- Are you a passionate Mathematics teacher who can inspire young minds?
- Are you an excellent classroom practitioner who has a passion to support others?
- Do you believe in delivering a curriculum that builds curiosity and creativity?

If you feel that you can answer 'Yes' to all of the above, Northfleet Technology College is the school for you! We are seeking a creative and caring practitioner to join our passionate team. We have excellent resources and a forward-thinking ethos, with the aim for all students to achieve the highest standards. This is delivered from Key Stage 3 through to the International Baccalaureate at Key Stage 5.

We are looking for a person to take on this exciting role who can demonstrate the following:

- Qualified Teacher Status (with an appropriate degree or desire to train)
- The ability to set high expectations for students' behaviour & achievements.
- The capacity to work collaboratively in a team.
- A secure knowledge and understanding of the curriculum and pedagogy.
- A passion to go beyond in developing staff and wider school improvement priorities.

If you relish the opportunity to work with a diverse & exciting teaching environment, with highly motivated students and a supportive Leadership Team, then Northfleet Technology College would welcome your application. This post has safeguarding responsibilities that require you to be engaged in regulated activity and contact with children.

All positions that involve working with children in regulated activity are exempt from the provisions of the Rehabilitation of Offenders Act 1974. All applicants must therefore declare all previous convictions and cautions, including those which would normally be considered 'spent' except those received for an offence committed in the United Kingdom if it has been filtered in accordance with the DBS filtering rules.

Candidates applying for a vacancy will be asked to complete a Self-Disclosure form on which they will be asked to disclose any relevant convictions, court orders, reprimands, warnings, or other matters which may affect an applicant's suitability to work with children.

In order to apply for this position, please complete and submit the NTC Application Form, CVs will not be accepted.

Appointment will be subject to satisfactory recruitment & vetting checks including 2 references. Our school and all its personnel are strongly committed to safeguarding and promoting the welfare of the children. The post is subject to safeguarding checks including an Enhanced Disclosure application to the Disclosure & Barring Service and in accordance with the requirements of Keeping Children Safe in Education (2022), NTC will undertake an online search via engines and social media platforms of publicly available information concerning all short-listed candidates.
