Building Character, Creating Opportunities.

Character education helps develop the ability to make good decisions and good choices. In a world where technology means young people have to make split second decisions, and have so much information at their finger tips, we have a responsibility to help develop their character.

We are a multi-academy trust that exists to provide outstanding education in both primary and secondary schools in Kent. The key aim of our Trust is to give young people the tools they need to be well qualified to achieve success and well-being, and to have choices in adult life. To achieve this, we aim to help young people develop good character strengths, reach their academic potential and discover where they excel.
