Welcome from our CEO

Leigh Academies Trust (LAT) is one of the largest and most successful school groups in England. Starting in 2008 in Dartford, the Trust is now responsible for 33 academies of all types, educating over 24,000 pupils, employing almost 4,000 talented staff and with access to an annual income of over £250m. Our Ofsted track record is impressive. Currently, 56% of our academies are considered to be “Outstanding” whilst inspected as part of the Trust.

LAT has remained local with all of its academies located in the South East (Kent, Medway, Bexley and Greenwich), within a one hour drive across the South Thames Corridor. This helps us to share resources and expertise much more easily and offer abundant training and progression opportunities to staff. We invest heavily in our workforce and enjoy strong retention across all job roles. The Trust has embedded various advantages which mean that LAT is an excellent place to develop a career in education. This includes being a highly inclusive employer which celebrates the diversity of its workforce.

Our scale and experience means we have been able to develop several well-chosen approaches to running schools which we know work well. These include:

- A small school approach to education where larger academies are organised into colleges. This ensures high quality pastoral care for pupils.
- A world class digital strategy where all staff and pupils have their own device making teaching, learning and operations efficient and highly impactful.
- Disruption free learning and a “warm strict” approach to behaviour management so that teachers can teach and pupils can learn.
- An all-through International Baccalaureate curriculum equivalent in quality to some of the best fee-paying schools and grammar schools in the UK and further afield.

In addition, The Leigh Institute - which is part of LAT - is responsible for Kent and Medway Training, one of the region’s biggest initial teacher training organisations, a large teaching school hub called Thames Gateway and an accredited apprenticeship provider. This powerful organisation trains, develops and supports 1,000s of teachers, support staff and leadership teams across the region each year. Our future plans are found in our [Vision 2030](#), available on our website.

Our Mission: *Education for a better world*

At Leigh Academies Trust, our vision is to transform lives through education. We strive to ensure that every young person - regardless of background - has access to an outstanding education and the opportunity to thrive in an ever-changing world.

We are guided by four core values that shape everything we do:

- **We care** – about our pupils and their families through our human scale approach to education, our staff and their well-being and the world around us, driven by our high ideals and strong moral values.
- **We have boundless ambition** – to achieve excellence for all and create confident young adults with high levels of resilience and integrity.
- **We work together** – as one team because we are greater than the sum of our parts. We foster an enterprising culture through global collaboration with partners in business and education.
- **We keep getting better** – using our 'can-do' attitude and research informed approach to continuous improvement and innovation.

This shared vision unites our academies and teams, creating a strong, collaborative environment where staff and students can flourish.

Job Description

Job Title: Trust MIS Coordinator

Reports to: Trust Information Systems Architect

Location: Leigh Academies Trust

Leigh Academies Trust is a highly successful multi-academy trust. Our model of education enables students to reach their full potential, transforming their lives and ultimately the communities in which they live.

Main purpose of role:

The Trust MIS Coordinator is a pivotal role responsible for the effective management, optimisation, and support of the Trust's core data systems, with a primary focus on the Bromcom Management Information System (MIS). The post holder will champion data integrity, ensure statutory compliance, and provide essential analytical support to drive system utilisation and inform strategic decision-making across the Trust.

Key Responsibilities

- Act as the internal expert and point of contact for all Bromcom-related queries, providing advanced technical support and delivering training to staff across the Trust
- Responsible for the promoting of further use of MIS tools and supporting schools with this through being the Bromcom Champion
- Develop and optimise the use of various Bromcom modules, including Assessment Manager, Attendance, Behaviour, Reporting, and Profiles, to meet the specific needs of the Trust
- Responsible for the completion of the academic standards review sheet as per the trust schedule and assisting with ad hoc Trust data requests
- Collaborate closely with the Trust IS Architect to ensure the accurate, timely, and compliant submission of all DfE Census returns
- Supporting the Trust IS Architect in the completion of the annual Tables Checking Exercise, ensuring data integrity and accuracy against Trust records
- Provide support to the Trust IS Architect in the ongoing maintenance, data integrity checks, and development of the Trust's central data analytics system
- Assist with the importing, verification, and analysis of external examination results (e.g., KS4/KS5) within Bromcom and the Trust's analytical systems to support performance reporting
- Proactively maintain an up-to-date expert knowledge of school data requirements, updates to Bromcom functionality, and compliance regulations, completing all necessary training and development
- Provide support as required on systems implemented and supported by the Data Services Team, including SAM Learning, Filer, and other educational/administrative platforms

Safeguarding of students and Duty of Care

All staff, regardless of role, level of seniority and location, have a responsibility to ensure the highest levels of safeguarding and promoting the welfare of our pupils, and we expect all our staff and volunteers to share this commitment. We must collectively create an environment where children feel safe to learn, play, and grow. Children should feel comfortable in their surroundings and know that they can approach any responsible adult with any problems or concerns.

All staff must be able to identify any children who are at risk of harm, and know the characteristics of abuse or neglect. If you suspect or confirm harm then it's essential you know what actions to take.

Annual safeguarding training is offered to all staff at Leigh Academies Trust, and it is the staff member's responsibility to be aware of the most up to date guidance documented in the [Keeping Children Safe in Education document \(Department of Education\)](#).

Notes

The job description allocates duties and responsibilities but does not direct the particular amount of time to be spent on carrying them out and no part of it may be so construed. This job description is not necessarily a comprehensive definition of the post. It will be reviewed at least once a year and may be subject to modification or amendment at any time after consultation with the holder of the post.

The duties may be varied to meet the changing demands of the academy/business unit at the reasonable discretion of the Principal/Academies Director. This job description does not form part of the contract of employment. It describes the way the post-holder is expected and required to perform and complete the particular duties as set out in the foregoing.

Person Specification

As a Trust we seek to recruit talented individuals who can not only help to build the success of our academies but also people who are engaging and passionate about everything they do.

For the role of Trust MIS Coordinator, we would expect candidates to demonstrate:

Qualifications and Training

Essential:

- Educated to GCSE level standard or equivalent (English and Maths A*-C grade or equivalent)
- Relevant professional qualification or equivalent experience demonstrating competence in MIS management

Knowledge and Understanding

Desirable:

- Knowledge of data flow processes and integration points between MIS and analytics platforms

Experience

Essential:

- Proven experience in the administration, management, and strategic development of the Bromcom MIS in a school or multi-academy trust (MAT) setting
- Experience assisting with the coordination, checking, and submission of statutory data returns (e.g., DfE School Census, Tables Checking Exercise)

Desirable:

- Experience supporting and maintaining central data analytics platforms (e.g., Power BI, SQL reporting environments)

Skills and Abilities

Essential:

- Advanced proficiency in Microsoft Excel or Google sheets for data manipulation, analysis, and quality assurance (e.g., pivot tables, VLOOKUP, complex formulas)
- Excellent attention to detail and a strong commitment to data accuracy and integrity, particularly concerning statutory and performance data
- Exceptional organisational skills, with the ability to manage competing deadlines (e.g., Census, ASR submissions) and prioritise a high volume of support tickets

Desirable:

- Working knowledge of data analysis or visualisation tools (e.g., Power BI, Tableau)
