Living Our Values: The Heart of Tiger Primary School

At Tiger Primary School, our core values are not just words; they are the foundation of our community and the guiding principles that shape our learning environment. We believe in nurturing good behaviour and fostering positive relationships. Our **TIGER values - Teamwork, Independence, Going Beyond the Expected, Empathy, and Resilience** - are at the heart of everything we do.

Our TIGER Values

Teamwork

We celebrate collaboration and the power of working together. By encouraging pupils to support one another, we create a sense of belonging and community, where every voice is heard and valued.

Independence

We empower our pupils to take ownership of their learning. By fostering independence, we help them develop the confidence and skills needed to make decisions and solve problems on their own.

Going Beyond the Expected

We inspire our pupils to strive for excellence in all areas of their education. Our high expectations challenge them to push their boundaries and achieve their personal best.

Empathy

We create a culture of kindness and understanding. By teaching pupils to empathise with others, we promote a respectful and inclusive environment where everyone feels valued and cared for.

Resilience

We equip our pupils with the tools to overcome challenges and learn from setbacks. By fostering resilience, we prepare them for the ups and downs of life, instilling a growth mindset that encourages perseverance.

“PUPILS STRIVE TO EMBODY THE SCHOOL VALUES OF ‘TEAMWORK, INDEPENDENCE, GOING BEYOND THE EXPECTED, EMPATHY AND RESILIENCE’ (TIGER)”

A Supportive Learning Environment

We understand that providing the best possible start is crucial for lifelong learning success. That's why we place great emphasis on ensuring that children feel secure and happy from day one. Our learning experiences are designed to follow their interests, making education relevant and engaging.

Each transition - whether moving from Reception to Key Stage 1 or from Key Stage 1 to Key Stage 2 - is carefully planned to ensure a smooth and worry-free progression. We believe that a well-supported transition helps pupils to thrive academically and socially.

Our unique **Immersive Room** offers a dynamic, multi-sensory environment that transforms the learning experience. By surrounding children with capturing visuals, sound, and interactive technology, this space engages multiple senses, making lessons more vivid and memorable.

Inclusion: A Curriculum for All

Our commitment to inclusion is embedded in our school culture, ensuring that all pupils, regardless of their background or individual needs, have access to a high-quality education. We fully implement inclusive education policies, allowing us to educate children with special educational needs alongside their mainstream peers.

Our Inclusive Approach

We ensure that all our pupils benefit from:

High-Quality Teaching and Learning: Our dedicated staff are trained to deliver exceptional teaching that meets the diverse needs of pupils. We employ a range of teaching strategies that promote engagement and understanding, ensuring that every child can achieve their potential.

An Adapted Curriculum: Our curriculum is designed to be flexible and responsive to the needs of all learners. We provide a broad and balanced curriculum that is tailored to accommodate various learning styles and abilities, fostering a love of learning in every pupil.

Reasonable Adjustments: We make necessary adjustments to our environment and resources to support pupils with disabilities. This includes modifications to classrooms, access to specialised equipment, and the provision of additional support where needed.

Additional Support for Pupils

Recognising that some pupils may require extra assistance, we offer various support mechanisms:

Intervention Groups: For pupils who need additional support, we provide targeted intervention groups designed to address specific learning needs.

1:1 Support: Some pupils may benefit from more intensive, individualised support. Our trained staff are available to provide one-to-one assistance, ensuring that each child receives the attention they need to succeed.

Education, Health and Care Plans (EHCPs): For pupils with significant needs, we assist families in navigating the process of obtaining an EHCP or top-up funding. Our Special Educational Needs Coordinator (SENCO) is dedicated to supporting families through every stage of this process.

The Tiger Way: Our Behaviour Curriculum

At Tiger Primary School, we are committed to fostering a nurturing and positive environment where every pupil can thrive. Central to this commitment is our 'Tiger Way' Behaviour Curriculum, which underpins all of our work and guides how we behave as a school community.

Developing Character

The 'Tiger Way' is designed to develop the character of our pupils by clearly defining the behaviours and habits we expect them to demonstrate. We believe that instilling values such as politeness, respect, resilience, and citizenship is essential in shaping our pupils into well-rounded individuals. Our aim is to support each child in growing into a responsible adult who contributes positively to society.

Building Positive Habits

We understand that character development is a journey. By consistently reinforcing these behaviours, we create a culture where kindness, empathy, and resilience flourish.

Celebrating Achievements

At Tiger Primary School, we celebrate every achievement, big or small. Recognising and rewarding positive behaviour is integral to our approach. We encourage pupils to take pride in their accomplishments and the demonstration of the 'Tiger Way' values. Regular celebrations, whether through assemblies, classroom recognition, or special events, highlight the importance of these behaviours and motivate pupils to continue striving for excellence.
