

# Dover Grammar School for Girl

## Applicant Information

### Teacher of Mathematics

Required: September 2020

Full-time / Part-time (MPR/UPR)

Dover Grammar School for Girls is an Outstanding Grammar School which fosters excellent academic standards combined with a strong and caring community. It is also an innovative school where staff are encouraged to look constantly at various ways of improving every aspect of our work. To summarise, it is a place where students can enjoy the very best education.

Dover Grammar School for Girls is committed to safeguarding and promoting the welfare of our students, so the interview will include questions relating to child protection.

Members of the interview panel have undergone Safer Recruitment training. This post is exempt from the provisions of the Rehabilitation of Offenders Act 1974 and an enhanced DBS check will be required prior to appointment.

Dear Applicant,

Thank you for your interest in the post of Teacher of Mathematics. This is an exciting opportunity to join the team at one of Kent's highest performing grammar schools. Dover Grammar School for Girls is a selective, high achieving school with 685 girls in Key Stages 3 and 4 and a co-educational sixth form of 228 students. We have been oversubscribed for many years and have twice been rated 'Outstanding' by Ofsted; the latest inspection was 2013.

In 2019, 83% of students achieved Grade 5 or above in English and Mathematics at GCSE and our Attainment 8 score was 62.8. The provisional Progress 8 for 2019 was 0.38. At A Level, 75% of all grades achieved were at A\* to C.

The school's Level 3 Value Added score has historically been significantly positive. Although we are extremely proud of our students' past achievements, we recognise that there will always be areas for improvement, and, each year, we firmly believe that we can do even better. We are now therefore looking for an enthusiastic, innovative and forward-thinking Teacher of Mathematics to join our successful and dedicated team.

Our students are bright, articulate, fun to be with, and, rightly, expect that their teachers will share and encourage their aspirations. As teachers, we all offer students every possible opportunity beyond the classroom with a wide range of extra-curricular activities, support and pastoral care. We offer wellbeing support and aim to develop not just the academic abilities of our students but also to give them the confidence, life skills and personal qualities and values to succeed in a fast moving and competitive world.

The successful applicant will join a department that is a popular option at GCSE and post 16. We are seeking an outstanding practitioner who is able to teach at all Key Stages as well as ensuring the policies and practice deliver 100% 5+ at GCSE. The successful candidate must also be able to support those who find the subject more challenging whilst also stimulating and stretching the brighter students. This post requires an ambitious, innovative, hardworking individual who is committed to developing departmental staff and to giving our students the confidence and knowledge to reach their highest potential.

This particular post becomes available at an exciting time in our drive to become a school dedicated to promoting courses and careers in Science, Technology, Engineering and Mathematics (STEM). We have recently reviewed and updated our curriculum offer and continue to enhance our whole school enrichment programme in order to ensure that all students have the opportunity of benefitting from a range of different STEM related courses and activities. We would therefore be looking for the successful candidate to have plenty of ideas in order to make a full contribution to this key area of development.

Here at Dover Grammar School for Girls we look after our staff with a full programme of induction, a 'buddy' on arrival and we also provide a laptop.

We are a diverse yet united group of individuals working together to ensure that our students, parents and the local community are provided with the highest academic standards. We work hard, but we enjoy what we do.

## Applicant Information

If you share our passion, energy, enthusiasm and determination to ensure the progress of our students, and to maintain and further develop a high achieving department of professional colleagues within this close-knit environment, then we look forward to receiving your letter of interest and completed KCC application form, which can be downloaded from our website and Kent Teach. To assist you in this process we have included a job description, person specification and a statement from the Mathematics Department.

The closing date for receiving your application is 9am, Sunday, 23<sup>rd</sup> February 2020.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'R.C.F. Benson', followed by a small horizontal line.

Mr RCF Benson  
Headteacher

- Experience as a form tutor, including academic monitoring and support
- Experience of teaching in a selective school
- Evidence of networking within and beyond school
- Evidence of providing extra-curricular activities

# Dover Grammar School for Girls

## Subject Teacher Specification

### Academic Excellence

- Monitoring, assessing, recording and reporting effectively and on time
- Preparing students for the appropriate public examinations
- Having an awareness of teaching groups' abilities and a commitment to add value

### Personal Fulfilment

- Participating in training and development activities
- Attending and taking assemblies

### High Quality Teaching & Learning

- Promoting positive attitudes to students, parents and colleagues
- Planning, preparing, teaching and marking appropriate work
- Participating in arrangements for own and others' annual performance review
- Reviewing teaching methods with a real focus on how girls throughout the school and 6<sup>th</sup> form boys learn in each lesson
- Reviewing and amending schemes of work/programmes of study as appropriate
- Maintaining good order in the classroom at all times with regard to agreed school procedures
- Supervising students before, during and after school and ensuring supervision duties are undertaken promptly and professionally
- Communicating and consulting with parents, colleagues and outside agencies as necessary

### High Quality Environment

- Ensuring teaching rooms are conducive to learning, are tidy and are left in the correct manner for colleagues
- Utilising display space to inform, challenge and celebrate the subject

### Commitment to the school, the local and the global community

- Covering for absent colleagues where necessary
- Encouraging and supporting the students as they develop as young people and citizens of the future

- Subject Leaders are line managed by a member of the Senior Leadership Team
- The department's subject teachers are line managed by the Subject Leader
- The Subject Leader will carry out the professional duties as set out in the current School Teachers' Pay and Conditions Document, subject to any amendments due to government legislation
- This role also requires you to be a subject teacher and a form tutor, as set out in the Staff Handbook

### Academic Excellence

- Setting appropriate but challenging departmental targets for the subject with the department members and for the students
- Ensuring effective and accurate assessment
- Ensuring the department's public examination results are maintained and consistent with our ongoing high standards
- Choosing and developing appropriate courses across the age and ability range

### Personal Fulfilment

- Team building through delegation and consultation
- Planning and evaluating own and departmental CPD
- Ensuring a departmental contribution to extended school activities (subject club, trips, revision sessions, etc.)
- Managing change, resolving conflict and empowering individuals and teams

### High quality teaching and learning

- Monitor the quality of teaching within the department
- Promoting positive attitudes with students, parents and colleagues and generating subject enthusiasm
- Setting high standards for the department in terms of teaching and quality, and punctuality of records/paperwork
- Maintaining high standards by reviewing how students learn and keeping practices current by means of training, observations and the sharing of good practice
- Selecting new staff and deploying staff appropriately and effectively
- Managing departmental performance reviews and contributing to own performance review
- Ensuring subject learning continues when colleagues are absent

### High quality environment

- Ensuring subject rooms are conducive to learning
- Deploying and managing departmental resources effectively, appropriately and fairly
- Utilising subject display boards in corridors and classrooms to celebrate, inform and challenge

## Commitment to the school, the local and the global communities

- Ensuring that all departmental documentation, including programmes of study and schemes of work give appropriate reference and relevance to equal opportunities, citizenship, work-related learning and enterprise
- Communicating, where possible, the subject's relevance and importance to our communities
- Ensuring departmental contributions to whole school events, policies and overall school ethos
- Liaising with other departments, primary schools, other secondary schools and relevant outside institutions and professional bodies

## Mathematics Department

Students achieve well in Mathematics at DGGS, with 100% of students achieving a grade 4 or above and 15% of students achieving a grade 8 or 9 in 2019. At A Level, 56% of students had Mathematics as their top grade. Mathematics is a popular subject at A-Level with a high uptake of pupils, and we encourage the more able to study Further Mathematics in addition. Our students go on to study Mathematics, Engineering, Finance and related disciplines at leading universities. We currently offer Year 11 students the opportunity to take the Further Mathematics Level 2 Qualification, taught as an afterschool option.

Students enter and achieve well in national Mathematics challenges, such as the UKMT challenges, and we run school trips throughout the year for some students. The department occupies well equipped rooms all with interactive smartboards as well as traditional whiteboards.

Students are taught in form groups in Year 7 and are set from Year 8. We offer help and challenge clubs for students, which are in part, run by sixth form students. Homework is set weekly which incorporates problem solving as well as revising knowledge and skills.

There are four periods of Mathematics in years 7 to 11. These are all taught as single periods. There is a requirement to gain Level 7 at GCSE to take A Level Mathematics, and Level 8 to take A Level Further Mathematics. At A Level, students have 6 periods of Mathematics per week. Currently each group has two teachers, whom they see for three periods per week, some of these may be double periods.

### Staffing

The Mathematics Department currently has 3 full time staff and 6 part time staff, including a Deputy Headteacher and the Headteacher.

### Curriculum breakdown

In Key Stage 3, pupils follow the Edexcel Delta programme of study. At GCSE, students follow the Edexcel Linear course. As a PiXL school, students are encouraged to use the PiXL Maths App in their own time to consolidate their learning. The A-Level syllabus is also Edexcel, for both Mathematics and Further Mathematics. For Further Mathematics we have opted to offer Further Pure, Further Mechanics and Decision.

A Level	A*	A	B	C	D	E			
Maths	0	6	3	2	6	2			
Further	0	1	1	1	0	0			
GCSE	9	8	7	6	5	4	3	2	1
Maths	3	16	25	27	39	16	0	0	0
