Following a hugely successful first year of opening, we are looking to appoint an enthusiastic, creative and committed Apprentice Teaching Assistant to join our growing school community. If you can make a difference to children's education, can nurture children's dreams and talents today in order to empower them to reach their potential tomorrow, then Springhead Park Primary could be the school for you!

The successful candidate will work mainly in our Early Years Setting and occasionally across the school. It is essential that the successful candidate is able to build strong relationships with the children in order to develop their learning and also work closely with the class teacher to establish and maintain daily routines and foster a positive classroom climate.

We can offer:

- The opportunity to contribute the growing culture and reputation of our fantastic school.
- A team of like-minded and very skilled professionals, committed to giving pupils a very high standard of education who will support you in your apprenticeship.
- The chance to work with some wonderfully creative, polite and hardworking children and their families.
- Support to help you succeed in your apprenticeship from professional in school and London South East College.

Visits to the school are encouraged (outside of the normal school day). Please contact the school office to arrange this:

Information About Our School

Springhead Park Primary School is located on the rapidly growing Springhead Park housing development in Northfleet, Kent. We are a growing two-form entry school with pupils from Nursery to Year 4 (growing to include Year 5 from September 2021.)

We offer a holistic approach to primary education. Springhead Park Primary is an empowering place of learning where children are taught to the highest of academic standards, and love to learn. We will achieve this through a wide breadth and richness of our everyday curriculum, ensuring that every child has an entitlement to the whole curriculum in order to find their individual talents and passions.

To meet this aim, there are 4 pillars on which we will build our educational culture:

- Academic success: to succeed in life, we will ensure that our children have the basic skills to access the world around them and understand how they can contribute to it.
- Experiential, Enquiry-Led Learning: we will create circumstances whereby children can explore problems, current issues and themes, then create their own innovative solutions. In this way we will develop our pupil's knowledge, curiosity, resilience and creative problem-solving skills.
- Learning beyond the classroom: children will be inspired by heritage sites, cultural opportunities, the arts, sporting opportunities and make efforts to engage in issues that will affect their communities and the future.

- Complimentary technology: children will have regular access to technology to help them access their learning, develop creative solutions and communicate their thoughts, ideas and creations across the entire curriculum.

As a newly opening school, Springhead Park can offer you the chance to contribute to establishing this holistic, creative and outward facing culture from the very beginning of the journey.
